

CODE: **AWO654** v.1.1/IV
NAME: **Universal enclosure TUN-4 485x365x145**

EN**

APPLICATION

Due to its design, **TUN-4** enclosure can be used as an element integrating elements and devices of RTV / SAT installations (multiswitches, amplifiers, splitters and taps), it also can be used to mount devices of other systems, i.e. CCTV systems, access control systems, I&HAS, automation systems, etc.

TECHNICAL PARAMETERS

External dimensions of enclosure	W=485, H=365, D+D ₁ =145+14 [+/- 2mm]
Assembly plywood dimensions::	W ₁ =470, H ₁ =260 [+/- 2mm]
Working depth:	D ₂ =120 [+/- 2 mm]
Net / gross weight:	4,70 / 5,00 [kg]
Operating conditions:	class II, -10°C+ 40°C
Material:	Sheet metal DC01 Corrosion protection: polyester paint, industrial use, color RAL9003 (white) Assembly plywood 6mm thick (waterproof)
Destination:	indoor / surface-mounted
Closing:	lock with same code - MR027
Notes:	A set includes: 14mm distance from the wall (mounting surface)
Warranty:	3 years from production date

A photograph of the interior of a white metal cabinet with its door open. Inside, a wooden panel holds several electronic components. On the left, a blue power supply unit is connected to a black power strip. In the center, a metal rack holds four blue circuit boards. On the right, a silver electronic device is connected to a power strip. A key hangs from the door handle.
